

Bellflower

Campanula pulla

Rating: 0.0 (0 votes)

This description is for *Bellflower (Campanula pulla)*:

This is no disfigured hunchback, its bells look stunning.

Are the bells tolling slowly for your bedraggled garden? Revitalise it with *Campanula pulla* or bellflower, a lively and cheerful plant that has fantastic bell-shaped flowers in vivid shades of bluish-purple suspended on slender stems above oval-shaped leaves. This stunner appreciates areas of full sunlight or partial shade and is suitable for most types of soil as long as it is moist and has good drainage. Bellflower brings vitality to a range of planting locations including rock gardens and borders and it works well grown along steps and walls too. It also looks superb in containers and hanging baskets, breathing new life into any area.
