

Big-root crane's bill 'Czakov'

Geranium macrorrhizum 'Czakov' Also known as: **Cranesbill 'Czakov', Bigroot cranesbill 'Czakov', Balkan cranesbill 'Czakov', Rock cranesbill 'Czakov'**

Rating: 0.0 (0 votes)

This description is for species **Big-root crane's bill** (*Geranium macrorrhizum*):

Geranium macrorrhizum is an herbaceous perennial. It starts flowering during late spring and can continue for four weeks, producing a plethora of pink, apple scented flowers during the month. *G. macrorrhizum* is a great plant for dense groundcover, and will tolerate full sun and dry conditions, making it an ideal specimen for drought resistant gardens. It's best suited to sunny or partially shady conditions where the soil is well-drained yet moist. It has scented foliage, making it ideal for the edges of borders where it'll be brushed when walking by. It also works well in containers.
