Violetta abutilon 'Violetta'

Abutilon x suntense 'Violetta'

Rating: 0.0 (0 votes)

This description is for species *Violetta abutilon* (*Abutilon x suntense*):

Abutilon x suntense or parlour maple is a hardy variety of abutilon so you can leave it out all winter providing the temperature doesn't get below -5. it has lobed leaves with toothed edges and gorgeous purple or blue coloured flowers that are saucer shaped and grow copiously on long stalks. Each flower is about 2.5 inches in diameter. It's a fast growing plant that will reach around 12ft in height. Plant it in a spot that gets lots of sun, but is sheltered from the wind.
