

# Wall cotoneaster

*Cotoneaster horizontalis* Also known as: **Wall spray, Rock spray**

Rating: 5.0 ( 1 votes)

This description is for **Wall cotoneaster** (*Cotoneaster horizontalis*):

## The horizontal cotoneaster that can also be trained vertically up a wall

*Cotoneaster horizontalis* is a trailing cotoneaster that's often known as Wall cotoneaster, Wall spray and Rock spray. A dwarf deciduous variety. Wall cotoneaster flowers with pinkish-white blooms in the spring followed by red berries for autumn colour. In addition, the leaves turn orangey-red before falling, providing additional season interest. *C. horizontalis* is best grown in full sun and provided with a well-drained soil in a dry location. It is ideal for covering exposed walls and trellising during the growing season, and provides interest throughout the year. In addition, it is very low maintenance, so is ideal for beginners.
